P&N Names New Director

Postlethwaite & Netterville (P&N) is pleased to announce that Jason MacMorran, CPA/ABV, CFF, CVA, was promoted to a Director (shareholder) position in P&N's Consulting division. He has been with the firm for 10 years.

Jason's practice focuses heavily on the valuation of private equity, and his professional experience includes business valuations for estate and gift matters, litigation, mergers and acquisitions, and financial reporting. In addition to his valuation practice, Jason provides litigation support in economic damage issues, assists clients in complex financial forecasting and modeling, and performs general financial consulting. He is also a frequent lecturer on valuation topics, and he brings considerable training and experience to business valuation projects through his study to obtain the AICPA's Accredited in Business Valuation credential and the National Association of Certified Valuation Analysts' Certified Valuation Analyst credential.

"Jason has been instrumental in the growth of our consulting practice, in particular the areas of business valuation and litigation support," says Managing Director Bill Balhoff. "Not only has Jason made a significant contribution to the firm, but to our clients and community as well, and it is a privilege to announce his promotion to Director."

P&N (www.pncpa.com) provides audit, tax and consulting services, to individuals, privately-held and publicly traded companies and other organizations. Our services include audits, internal auditing, control assessments, tax planning and strategy, tax compliance, business consulting, litigation support, financial and business planning, business valuations, benefit analysis and technology consulting.
