**P&N Tech Renews Cisco Advanced Unified Communications Partner Status**

P&N Tech ([www.pntech.net](http://www.pntech.net)), a division of Postlethwaite & Netterville, Louisiana's leading accounting and business advisory firm, is proud to announce that it has renewed its specialization as a Cisco Systems Advanced Unified Communications Partner.

As a value-added provider, P&N Tech is proud to maintain partner status with Cisco Systems, in addition to several other industry leaders. To achieve and maintain Partner status, service providers must continually demonstrate that they are qualified to sell, install, and support customers with Advanced Unified Communications in the USA. P&N Tech's Unified Communications services help client companies to efficiently and effectively combine email, fax, and phone communications.

P&N Tech is a resource for businesses and governmental agencies seeking implementation and consulting regarding their IT systems. By combining extensive technology and business process knowledge, we can provide a truly innovative approach to your information technology needs. Today, P&N Tech enjoys a track record of more than 20 years of network integration sales and service in the areas of unified communications, server virtualization and storage and advance network design and installation.
